EDGE MEDIA ARTIST CANVAS

Product Description

This 380 gsm, poly cotton matte canvas is formulated for use with the latest generation of solvent, UV and latex ink jet printers. The high-quality blended base is matched to a matte water-resistant coating that provides a wide color gamut and durable photo quality images, perfect for creating high-end POP banners, posters, décor art and trade show graphics.

With high dimensional stability, the coating will not crack and the canvas will maintain tension over frames under a wide range of environmental conditions. The matte finish provides low glare even with direct lighting, plus smudge resistant handling. Easy viewing at all angles under most lighting conditions. Print long lasting art reproductions and commercial canvas prints that can last for generations.

Features:	High quality poly / cotton canvas. Water-resistant, matte finish. Acid free, pH-neutral.
Specifications:	
Material Type	65% Polyester 35% Cotton / 2 over 1 weave
Gauge	18 mil +/- 1.0 mil
Weight	380 gsm
Whiteness	129.14 (W-E313)
Opacity	99.3%
Gloss Level	2.1%
Core Size - 3" ID core	3" ID core
Finishing	No post processing or finishing is required.
Water Resistance	Water resistant with latex or solvent, or UV inks.
Storage	Ideal Storage Conditions 70°F (21° C), 50% R.H. (a controlled environment is recommended); store in original packaging.
Optimal	Optimal Service Environment 60°- 86° F, 50% Relative Humidity.
Color	L. 96.37 / A. 2.04 / B. -6.46
Shelf Life	1 year from the ship date when stored in proper conditions.
